

Linbrooke Services Ltd recognises our responsibility towards the environment, and issues this policy as a statement of management and employee commitment to minimising the environmental impact of business activities. In order to ensure effective management of activities with the potential to affect the environment, Linbrooke Services commits to:

- Being aware of how activities, products and services impact upon the environment, as well as complying with relevant environmental legislation and regulations and other requirements to which the organisation subscribes.
- Ensure compliance and support with identified, applicable Network Rail Company Standards, Railway Group Safety Plans, Network Rail Policy Statements, conditions and requirements.
- Identifying objectives across the business aimed at continual improvement of environmental performance by building environmental considerations into the decision making processes and methods of operation. This is in order to minimise environmental impact, for the life cycle of plant, equipment and other physical assets under our control.
- Specifically protecting the environment with reference to aspects of work activities that are environmentally significant.
- Ensuring that all Linbrooke Services' activities and services give rise to significant environmental effects. All sites are covered by this policy which is implemented, maintained and communicated to all employees.
- Communicating this policy to customers and the general public.
- Requiring its suppliers and contractors to have a proper regard for the Linbrooke Services Environmental Policy for the goods and services they provide.

This policy will be reviewed annually.
