

Following UK Government's guidance we've introduced our own **safety measures** to ensure the safety and wellbeing of our critical workers during the COVID-19 pandemic.

We will continue to update our site safety work practices as and when the UK government announces new precautionary measures.

Non-working Site Safety Supervisors

The new role introduced to actively monitor worksites sites to ensure compliance with Covid-19 health & safety measures.

COVID-19 POWRA Checklist & Pre-Shift Safety Briefing

To overcome any obstacles before they arise caused by 2m safe distancing rules.

Safety Hygiene Briefings

All teams have been briefed on safety distancing measures, how to wash hands for 20 seconds thoroughly, how to sanitise surfaces touched by other workers and/or public. How to act if the site worker shows symptoms of Covid-19.

Hygiene Safety Packs Issued

Containing gloves, hand sanitisers & wipes, face masks, Public Health England Covid-19 National campaign posters.

Hand Sanitising Stations

Hand sanitising stations set up at sites where handwashing facilities aren't available.

No Car Sharing Rule

Our fleet is equipped with hand sanitisers & sanitising wipes.

All vehicles & tools are thoroughly sanitised at the depot before issued to workers.

No Tool or PPE Sharing Rule Introduced

Safety and wellbeing of People at Linbrooke is our **number one priority**
